

# ***Naval Academy Seeks Qualified Reserve Officers***

The U.S. Naval Academy (USNA) has a need for qualified Naval Reserve officers, with at least a master's degree in an appropriate academic discipline, as instructors in designated academic departments, starting no later than August 2002. These officers will also serve as outstanding military role models for midshipmen.

Recall opportunities exist at USNA in one of the following disciplines: electrical, mechanical, marine, ocean or control systems engineering; naval architecture; chemistry; computer science; mathematics; oceanography; physics; political science; English; foreign language (Spanish); history and economics.

Interested Selected Reservists (SELRES) should send a letter of application, plus a completed officer qualification questionnaire — or an equivalent resume of their academic, professional and naval experience — and full-length photo in a khaki uniform, to:
